

The Song of the Hair

There are four verses. Verse 1. Ayer's Hair Vigor stops falling hair. Verse 2. Ayer's Hair Vigor makes the hair grow. Verse 3. Ayer's Hair Vigor cures dandruff. Verse 4. Ayer's Hair Vigor makes the scalp healthy, and keeps it so. It is a regular hair-food; this is the real secret of its wonderful success.

The best kind of a testimonial—

Personal Gossip.

Ira D. Smith and J. E. Chappell have returned from school in Nashville.

Miss Ethel Renshaw is visiting relatives in Missouri.

Mrs. Ed Thompson, of Madisonville, is the guest of Mrs. M. J. Underwood.

Miss Helen Dietrich, of Defiance, Ohio, is visiting the family of her uncle, Prof. C. H. Dietrich.

Mrs. James H. Ware went to Middlesboro yesterday, but will return after Mr. Ware has arranged his loss by the fire which destroyed their home a short time since.

Mrs. Lloyd Whitlow, who has been visiting her brother in Cincinnati for several weeks, is home again.

Mr. O. G. Hille, who has so'd his Pantatorium, has gone to St. Louis to accept his old position as assistant train master in the yards of one of the railroad terminals.

Master Thomas Kelly, son of Mr. M. D. Kelly, has returned from St. Mary's college to spend his vacation with his father. James Gilligan, who attended the same college, also returned home this week.

Mr. Byron Meador, wife and child, of Memphis, Tenn., are here to spend several weeks with relatives.

Miss Marietta Merritt is spending a few days with friends in the Longview neighborhood.

Mr. J. B. Walker, who has charge of the Kentucky agricultural exhibit at Jamestown, has come home to harvest his wheat crop.

Mrs. T. W. Blakey entertained the Married Women's club yesterday afternoon.

HERE AND THERE.

The Colored Band will give a celebration July 4th to raise funds for new uniforms, etc.

The annual work of cleaning the streets and gutters of the city will begin in a few days and it is especially desired that all who have grass or weeds growing on the sidewalks or outside their premises have them cut and placed in the gutter before the crew reaches their section, so that the refuse may be taken away at the same time the streets are cleaned.

Page Blakemore, James Breathitt, Churchill Blakey, George Peach, Henry Stites, Sam Hardwick, and Ernest Cravens left Tuesday morning for a camping trip on Little river in Trigg county.

Sue Watts, a negro woman, was sent here from Hopkinsville on order of Commissioner Yents, of that city. The Watts woman is charged with sending an obscene letter through the mails. She is now in the Daviess county jail to await the action of the grand jury of the next term of the federal court.—Owensboro Inquirer.

Drs. Oldham, Osteopaths, 705 S. Clay St., Hopkinsville, Ky.

Ham sacks for sale at Kentuckian office.

Perhaps you need a bracer—something that will give you energy, life and ambition—try I. W. HARPER whiskey. Sold by W. R. Long, Hopkinsville, Ky.

Miss Alice Alfred formerly of Owensboro, Ky., has married Henry Otomo, a Japanese, at St. Louis, and in defending her unusual venture yesterday expressed her opinion of American men in general and Kentucky men in particular. Mrs. Otomo became estranged from her family during the World's Fair, when she first took an interest in Otomo. She came to St. Louis and had charge of an industrial exhibit which her state made at the Exposition. She is a graduate of a Kentucky seminary, but since the World's Fair has mastered the intricacies of the Japanese language.

The Highland Chapel Sunday-school had a picnic at Ritter's Grove Tuesday, with dinner for all.

There will be a Fourth of July picnic and speaking at the Water works lake.

The Ladies' Guild of Grace Church will give an ice cream supper Friday night.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed. Guaranteed to cure blood poison, weakness and all stomach, liver and kidney complaints, sold by R. C. Hardwick, druggist, 50c."

Farm Property for Sale.

Two splendid tracts of land, 3 miles east of Hopkinsville on Russellville Pike, containing 262 acres and 133 acres, more or less. One improved and other unimproved.

ALL ROADS LEAD TO HOPKINSVILLE

Two More Railroads Coming To The Best town on Earth

PASSED HOT AIR STAGE

Contract Already Let For 108 Miles From Here To Cairo, Ill.

Although there has been nothing said lately about the Cairo and Tenn. River Railroad, yet it appears that the work of pushing it has been going forward with much energy and certainty, and a good deal has been accomplished so far. To show that this is true, we clip the following from the Railway Gazette of June 4th which was published in New York. The clipping will be read with much interest by the people along this proposed line, especially from Cairo to Hopkinsville. The clipping is as follows:

Cairo and Tennessee River.—An officer writes that the projected route of this line is from Wickliffe, Ky., three miles east of Cairo, Ill., east through or near Mayfield, Dexter, Canton, Cadiz, Gracey, Hopkinsville, Elkton, Franklin, Scottsville, Tompkinsville, Albany, Monticello, and Jellico in Kentucky, to Newcomb, Tenn. Unless built through Bell county, and Middlesboro, Ky., the road will pass through or near county seats in Tennessee as follows: Jacksboro, Tazewell, Sneedville, Rogersville and Blountville to Bristol, approximately 465 miles. Underwriting is partially completed for building the three sections from Wickliffe east to Hopkinsville, Ky., 108 miles, and these three sections will probably be finished and put in operation within one year. A large amount of terminal property has been bought and most of the right of way secured and surveys made for 425 miles. Contracts let for the three sections to the Atlantic & Cairo Construction Company, which will probably sublet most of the work, which is ordinary level construction for most of the way to Hopkinsville with little or no rock work. There are to be two bridges, one about 1,600 feet or 1,800 feet long over the Tennessee river, the other about 1,000 feet over the Cumberland river. Maximum grades one-half of 1 per cent, maximum curves three degrees. L. W. Goode, President, 111 Broadway, New York; Chas. H. Delano, General Manager at Mayfield, Ky., and E. C. Weston, Assistant General Manager, Wickliffe, Ky.

STILL ANOTHER.

The Wheatcroft Line Headed This Way From Northward.

The engineering party in charge of the preliminary survey for the proposed new line of railroad from Henderson to Hopkinsville has almost completed the work on what is known as the "valley route" extending through the low lands along the waters of Canoe creek and will soon begin a third route. As soon as the third route, which will be west of the Frog Island and Valley routes, is surveyed by C. B. Seymour, chief of the engineering party, Irving H. Wheatcroft, President of the Kentucky Valley Railroad Company, will submit a proposition to the Henderson Commercial Club and to the business men and farmers along the route which may be finally selected.

The route now being surveyed would touch Cairo, Poole and Wana-maker, and pass within two miles of Dixon. The coal and mining rights in the vicinity of Poole are being bought up by parties living there and an effort will be made to have Mr. Wheatcroft's proposed road touch that place.

If the plans materialize the construction of the road will begin in this city and the forty miles of track extending from Henderson to a point on the Louisville and Nashville branch would be laid first.—Henderson Gleaner.

I Took Pe-ru-na, Hardly Daring to Believe

So Writes Mr. Newhof, of Albany.

Pelvic Diseases in Men.

Many an invalid is dragging out a miserable existence with catarrh of the kidneys, catarrh of the bladder, or both.

There is no disease equal to catarrh of the bladder in producing complete wretchedness, absolute despair, haggard misery and stubborn weakness.

An army of this sort of victims have one by one discovered that Peruna could be relied upon to relieve such cases.

One man tells another man, and in this way the news spreads until in all parts of the country are to be found men who have been permanently liberated from the thralldom of catarrh of the bladder by a course of Peruna.

Many cases of catarrh of the stomach, kidneys and other abdominal organs have reported themselves as cured.

We give below two prominent testimonials which illustrate the benefit of Peruna in these cases.

H. L. EMERY

Catarrh of Stomach and Kidneys.

Mr. H. L. Emery, Vice Chancellor and Master of Arms, K. P.'s, of Omaha, Neb., writes from 205 North Sixteenth street, the following words of praise for Peruna as a tonic. He says:

It is with pleasure I recommend Peruna as a tonic of unusual merit. A large number of prominent members of the different orders with which I have been connected have been cured by the use of Peruna in cases of catarrh of the stomach and head; also in kidney complaints and weakness of the pelvic organs.

"Peruna tones up the system, aids digestion, induces sleep, and is well worthy the confidence of sufferers of the above complaints."

Making the Survey.

The Civil Engineers for the L. & N. R. R. Company are making a survey and permanent location for a spur track from the main line of the L. & N. to the Coal Mines of the Terry Coal Company. This spur track out to the Mines will be about one-half mile from the main line of the L. & N. R. R. The ground over which this track is built is so level that it will take very little grading to build the road. About thirty days ago this Company commenced building a Coal Tipline for the purpose of pulling Coal from the new Mine and loading it on the R. R. cars. This Tipline has been constructed out of the best white-oak, and all timbers exposed to the weather have been creosoted and is in every way up-to-date far handling a large quantity of Coal in the quickest time and at the least cost. All work at this new Mine is being pushed as fast as possible so as to be able to supply the trade and the stock-holders with the best quality of Coal as soon as possible.

CHARLES B. NEWHOF

Catarrh of the Bladder.

Mr. C. B. Newhof, 10 Delaware street, Albany, N. Y., President Montefiore Club, writes:

"Since my advanced age I find that I have been frequently troubled with urinary ailments. The bladder seemed irritated, and my physician said that it was catarrh caused by a protracted cold which would be difficult to overcome on account of my advanced age. I took Peruna, hardly daring to believe that I would be helped, but found to my relief that I soon began to mend. The irritation gradually subsided, and the urinary difficulties passed away. I have enjoyed excellent health now for the past seven months. I enjoy my meals, sleep soundly, and am as well as I was twenty years ago. I give all praise to Peruna."

Chaplain Clark, G. A. R., 11 South Nicholas St., Chicago, Ill., as follows:

"I was in good health until about four years ago, when my back became lame and sore. The pains kept increasing, with severe twitches and slow exhaustive aches. Urine was highly colored and passed with great irregularity. I knew this must be inflammation of the bladder.

"Having read of Peruna I decided to try it. I found relief from the pain within ten days. The aches gradually diminished, and it was a blessed relief I can assure you. Within three months I was well once more. My appetite had returned, nervousness and irritability were things of the past, and for over two years now I have been a healthy man.

"I give all thanks to your Peruna, and believe that it is a blessing to mankind."

Mr. Robert E. Hanvey, Treasurer Knights of Industrial Freedom, also a well known writer and lecturer, writes

FEEL BETTER NOW—HAD A DIP IN KRESO

DID YOU EVER TRY IT ON YOUR STOCK?

Nothing like it to put them in good condition, free them from insect parasites and protect them from contagious diseases.
